

# Visit Us this Spring

**Our enrichment activities are in full bloom this Spring.**

## World at Their Fingertips

Our everyday learning program, *The World at Their Fingertips*, creates developmental, cultural, and individually appropriate learning environments that empower children to become confident, successful, lifelong learners.

## Spring 2010 Activities

### April - Movie Madness

Lights! Camera! Action! Come join us for Movie Camp. Your child will learn how to make a movie from start to finish. At the end of the week they will create a movie. You and your co-workers can come watch it live. We will also be visited by the FLEA Circus.

### May - Bounce into Spring

Is your child showing potty readiness – interest in the potty, pulling down his/her pants? He or she might be ready for our Potty Training Camp this month. Using our gentle approach, we will have a fun week of potty training activities and serve as a resource for our parents. In May, children will also learn about things that happen in the spring – from caterpillars to butterflies and much more.

### June - Great Outdoors

This month we will venture outdoors to visit Lurie Garden, the Crown Faces and Buckingham Fountain. We will also go on a bug hunt, fly kites, and visit local museums. Don't forget your sunscreen.
