- What in the World?:** Exploring and Rolling Oranges
- What do you need?:** Oranges
- What you do:** Look at the orange together. “How does the orange smell? It’s round. What can we do with it? Try rolling it to me. Let’s open it up and see what is inside. It’s juicy, isn’t it?”
- Tips:** Try cutting a hole in the top and squeezing the juice out before you open it up.
- Value:** Language Works — Enhancing language through discussion about activity.
Science Rocks — Learning about the properties of an orange, investigation.
- Variations:** Make orange juice by squeezing the oranges. A plastic hand juicer is inexpensive and can be purchased at many markets.

We did it!
