

Bright Horizons Honored as A Company that Cares

[WATERTOWN, Ma, March 19, 2009] **Bright Horizons Family Solutions LLC**, the world's leading provider of employer-sponsored child care, early education, back-up care, and work-life solutions, has been named for the second year in a row to the Center for Companies That Care Honor Roll.

Bright Horizons® was selected to receive this honor by an independent panel of professionals in a variety of industries. The company earned high marks for the 10 Characteristics inherent to a "Company That Cares" that include: actively supporting the community through social responsibility programs, sustaining a work environment based on dignity and respect for all employees, and supporting work/life balance for employees.

"Bright Horizons was founded more than twenty years ago with a clear mission of making a difference in the lives of children and families. Our culture is based on a workplace that values treating each other and the clients and families we serve with care and respect. In these difficult economic times our commitment to helping children and families in need is stronger than ever. Through programs of our nonprofit Bright Horizons Foundation for Children, Bright Horizons employees everywhere, many of whom are early educators, are helping children experiencing great stresses in their lives pursue a journey of success," said Bright Horizons Chief Executive Officer and member of the Board of the Bright Horizons Foundation for Children Dave Lissy.

Bright Horizons congratulates its several clients on the Companies that Care list. To learn more about the 2009 Companies that Care and the Center for Companies That Care, visit www.companiest-that-care.org.
