

Streamers on Tables

Learning Value:

Movement is a critical aspect of learning. Streamers on the edge of a table make an enticing entrance and exit that encourage children to move and explore.

Materials Needed:

- ▶ Streamers
- ▶ Painter's tape or another easily removable tape
- ▶ Table that is open underneath

Participants:

This activity is intended for adult/child interaction.

Directions:

- ▶ **Step One:** Place three to five streamers on the edges of your table so they hang down.
- ▶ **Step Two:** Place a treasured item under the table and encourage your child to peek through the streamers and then crawl through.
- ▶ **Step Three:** Play peek-a-boo through the streamers with your child. Use position words such as 'in,' 'out,' 'through,' and 'under.'

Bright Horizons.
