

Growing Readers Review

Book recommendations to help your child spark a lifelong love of reading

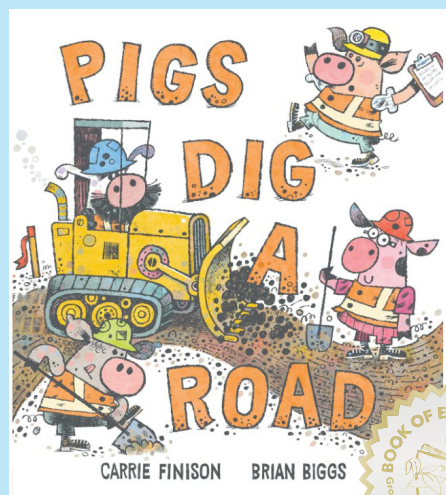

Featured Book of Excellence

Pigs Dig a Road

Written by Carrie Finison, Illustrated by Brian Biggs

Preschool - Young School-Age

Pigs Dig a Road follows Rosie and her crew of pig construction workers as they race to build a road to the county fair before opening day. Along the way, they face a series of unexpected challenges, including construction mistakes, big messes, and fatigue from working so hard. Through teamwork and problem-solving, the pigs learn how to overcome obstacles and complete the project together. Featuring rhyming text, bold and detailed illustrations, and plenty of construction action - this lively and humorous story is a fun choice to discuss collaboration, resilience, and how great things can happen when everyone works together.
