

## Cisco Webex Room Kit

### **Connecting to a Webex meeting**

1. Connect the HDMI cable to your computer if you are going to be sharing content.
2. Using the Touch10 Tablet on the table, join your Webex meeting. You can either enter the meeting number using the numerical keypad, or switch to the standard keyboard to type in the name of a personal meeting room.
3. To share content, press the Share icon on the Touch10 Tablet, and press the Share in Call button.
