

Enrolling at Bright Horizons®

Choosing early education and care for your child is a huge decision — and we're here to make the process feel less complicated and full of support. Here's how the enrollment journey works at **Bright Horizons®**.

1. Tour our center

Visit and explore our classrooms, meet our teachers, and discover what makes Bright Horizons so special.

2. Register and apply

Register and submit your application for your preferred location and start date on our Family Information Center.

3. We'll find the right fit

We'll work to match your family with an available space in our classrooms.

Please note: waitlists are common, and spaces are offered as they open.

4. Accept our enrollment offer

When a space is available, we'll reach out with an offer.

You'll have 48 hours to accept the offer and pay your first month's tuition to secure your spot.

5. Start your bright future with us!

Questions? Contact your Enrollment Manager or Center Director for support. We've got you!

Bright Horizons.
