

INFANT PROGRAM

Bright Horizons® infant program supports both you and your baby with care you can trust, expert-informed health and safety policies, and individualized *Discovery Driven Learning™* that inspires your baby to explore.

Individualized Care for Your Baby's Big Milestones

Program highlights include:

- An assigned primary caregiver for one-to-one moments of caring, play, and communication
- Personalized care plans to support daily schedules, nutritional guidelines, and other unique needs
- Sensory-rich spaces and soft places to explore, roll over, pull up, and crawl
- Safety, security, and cleanliness practices that meet or exceed all state, local, and national guidelines

Learning that Inspires from Day One

Our *World at Their Fingertips®* curriculum includes six Signature Practices to stimulate early learning:

- **Maximizing Prime Times:** Daily one-on-one interactions to build nurturing relationships
- **Reading Daily:** Age-appropriate books to support listening, vocabulary, and a love of reading
- **Daily Exposure to the Arts:** Visual arts, music, movement, and drama allow for sensory exploration
- **Using Sign Language:** Basic signs such as "more" and "please" to communicate needs and build language development
- **Using Treasure Baskets:** Natural and everyday objects to encourage exploration and curiosity
- **Daily Outdoor Discovery:** Time outside to explore nature and inspire motor and sensory development in a new environment
